klangfest

music for children: excitingly different

Kampnagel – Jarrestraße 20

Panels for professional visitors: Sunday 12th

Concerts, musical theatre, sound installations:

From Friday the 10th to Sunday the 12th of May all of »Kampnagel« is being transformed again into a musical adventure ground.

You can experience contemporary compositions, exciting improvisations, jazz, electronic music and more. We celebrate the premieres of two KinderKinder productions: the opera »Brüte!« (»Hatch!«) and »Trialog«. Musicians from many countries will unfold their magic. You can, of course, enjoy Hamburgian artists, too: the »Ensemble Resonanz« with a production by Elbphilharmonie, the »North German Radio Bigband« and the »Decoder Ensemble« with two premieres.

There is so much to discover and the children can play music themselves too.

Hope to see you at the »klangfest« – there will be panels and discussion for professional visitors as well. Please contact us if you are interested: info@kinderkinder.de
